I understand that, in accordance with national Ministry of Education (MoE) regulations, I must obtain a Certificate of Equivalency (CoE) from the Ministry of Education, United Arab Emirates.

I understand that I am given the chance to register for the first trimester of studies at EAHM provided I begin the application process with the CoE and supply Registry and Academic Services with my application number immediately following receipt of my Emirates Identification Number (available on my visa or Emirates ID card).

The CoE is issued upon receipt and verification of the following:

- attested senior secondary leaving documentation ensuring that my senior secondary education is equivalent to 12 years of the MoE curriculum in the UAE.

The CoE is a mandatory requirement from the UAE and is required for attestation by the MoE of my EAHM BBA degree after graduation.

It is my personal responsibility to apply for the CoE and EAHM is unable to influence in the application process or awarding of the certificate. I also understand that there are costs associated with the process and that I am responsible for these costs.

EAHM reserves the right to take appropriate action if I am not able to secure the appropriate documentation in this time, which may result in the termination of my enrolment at EAHM.
